

Hit the Mark – Planning to Succeed

The Program:

Is your team planning to succeed or spinning its wheels? This session captures the imagination while it delivers solid understanding and skills in key areas of successful planning. A fast-moving series of activities will address each of the steps and components in planning, including goal setting, innovating, prioritizing, consensus building, resource management and implementation. A daring rescue simulation brings it all together. This session can include a dramatic high ropes component.

Format:

Summit applies a blended learning approach to fully engage all learning styles. Participants are guided through a series of challenging activities followed by periods of reflection, facilitated discussions, and presentations of current theories and models. This session includes follow up contact with the Summit facilitator to encourage implementation of action plans.
